Your Season is... Bright Winter!

Clothing Options:

The Bright Winter palette is characterized by cool, highly saturated, and bold colors, giving the vibes of an intense but clear winter day.

In your neutral clothing, you should opt for true black, icy white, and steel grey to provide a stark contrast that complements your vivid features.

For accent pieces, you can incorporate jewel tones like electric blue, hot pink, bright violet, or emerald green to amplify your vivid features.

Jewelry Options:

If you prefer metal jewelry, you should choose silver, polished white gold, or platinum to harmonize with your cool undertones.

For gemstones, you can consider bright, cool-toned stones such as bright diamonds, sapphires, emeralds, and rubies to enhance your natural tone.
